

A photograph showing a crowded boat on the left, filled with people, some of whom are waving. To the right, a smaller, grey patrol boat is visible. The sea is calm, and a plastic bottle is seen floating in the water. A semi-transparent white box with a black border is centered over the image, containing the title and author information.

THE MIGRATION CRISIS IN EUROPE

BY: IDA LANGER

A SELFISH WORLD

- NATURALLY SELF-CENTERED HUMANS
- POVERTY, SCARCETY & STARVATION

**“400 million people lack the
calories, protein, vitamins, and
minerals needed to sustain their
bodies & minds in a healthy state”**

(Singer, 2011).

**“Only 8.6 percent of the population
owns 85.6 percent of the global
wealth”**

(Inequality.org, 2018).

WAVE OF MIGRATION

- Extreme number of migrants arriving in Europe
- Desperate for help
- Selfishness
- Movement is seen as a threat

Lack of
collective effort

“Sometimes deaths are
produced by some persons
or groups of persons in
distant, usually affluent,
nations”

Onora O’Neil

- Migrants flee from Iraq, Afghanistan & Syria
- Helpers are, Germany, Sweden & the UK

Asylum applications per 100,000 local population, 2015

EUROPE STARTS TO SUFFER

- Taking a toll on the countries resources
- Money, healthcare and cultural aspects
- Tightening the borders
- Identity of Europe

LIFE-BOAT THEORY

- Strong nations = The Life-boat
- Certain number of seats
- Demand higher than the capacity
- Complete justice
- Relates to the migration crisis

“If we divide the world
crudely into rich nations and
poor nations, two-thirds of
them are desperately poor,
and only one third
comparatively rich, with the
United States the wealthiest
of all”

Garrett Hardin

THE RIGHT TO LIVE

- Do we earn out life-style?
- Lottery of Life
- Challenging situation
- Currently not working
- Out ownership and responsibility
- Minimize the amount of killings

If we were to redo the
lottery of life, how would you
like your odds?

Thank you!
