As part of the phased opening in Florida, summer camps cannot open until we reach phase two. With Palm Beach county just entering phase one today, we have decided to delay the opening of Pine Tree Camps for this summer. We are canceling all session one programs through June 20.

As we have been receiving information from the CDC and American Camp Association, we are starting to put protocols in place to be able to run camp safely. Therefore, we expect to be able to accommodate a much smaller number of campers this summer. As a result, we have decided to cancel Discovery and Creative Arts Camp for 2020. If you are registered in session 1, Baseball Camp, Discovery or Creative Arts, please look out for an email regarding programming.

If you are interested in canceling any session due to COVID-19 concerns, please email camp@lynn.edu for a refund.

We are hopeful that we may be able to open June 22 for sessions 2 and 3, and we will be emailing out a decision on the remainder of the summer no later than June 1.
