We know that parents are eager to hear about plans for camp this summer, and we want to assure you that the safety and health of campers and staff is always our highest priority. We understand the importance of the camp experience and recognize that children and their families need it now more than ever.

As of today, we hope to be able to hold Pine Tree Camps summer programs. We continue to monitor guidance by state and local officials and the American Camp Association and will respond accordingly.

We will share any updates as they become available, but in the meantime, if you have additional questions, email [jarubin@lynn.edu](mailto:jarubin@lynn.edu) or call the camp office at 561-237-7310.
