The Georgia Woodwind Quintet has recently recorded Dr. McKinley's Six Bagatelles for wind quintet on CD.

Dr. McKinley is one of the founding members of the Boston-based performing group Extension Works, and served as its secretary/treasurer for five years. In October of 1986, he was invited to be a guest performer at the 62nd State Convention of the Kentucky Federation of Music Clubs. In addition to his work as composer, teacher, and pianist, Dr. McKinley has pursued research in music theory and analysis. His principal areas of interest are chromaticism in the Common-Practice Period and tonality in twentieth-century music. He has recently completed a study titled Dominant-Related Chromatic Third Progressions: a Reappraisal of Third Relationship in the Common-Practice Period, including a System of Classification.
