**Ladies Lose Soccer Team Falls**

By Chad Beattie

The women's soccer team fell 3-0 to West Georgia on Sunday afternoon, dropping the Knights to 2-3 on the season.

Six freshmen started for Lynn and Natalie Feller made her first appearance in net.

"I am disappointed in our effort for this weekend," said head coach Rocky Orezzoli.

"We give our opponents little opportunities but the chances we do give them, they are able to convert. On the same token we are putting a lot of pressure on them but we can't but the teams away. This is something we have to work on if we are going to be successful."

Shropshire recorded three saves while Jennifer Rose notched five saves.

Lynn University returns to action Wednesday, September 13 at 4 pm when it hosts Palm Beach Atlantic.

**Men Win Soccer Team Takes Harding**

"We'll never be two-thirds of the way through and I'm happy to see that we are 4-0," said head coach Shaun Pendleton.

Lynn University returns to action Monday, September 11 at 7:00 pm against Delta State.

Restaurant Review
SiriCrazy

By Samantha Murphy

With so few locations in the United States, SiriCrazy is really a great place to eat. Luckily for us, there is a SiriCrazy just moments away, at the Town Center Mall.

They offer fresh and delicious Asian cuisine. Their most popular dish is the "Create Your Own Stirfry".

Pick meat or seafood, rice or noodles, any vegetables you want, and your favorite sauce. Then, hand it over to the chef, and watch your food being prepared right in front of your eyes!

Everything is fresh and made to order. But not to worry, the "Create Your Own Stirfry" option is not the only good thing they have. They are famous for their banana wooton dessert, which is fantastic!

One important thing to know is that SiriCrazy gets very busy during dinner hours, so be sure to plan ahead! They do not accept reservations, but will put your name on the list if you call ahead when there is a wait.

SiriCrazy is one of my favorite restaurants. So if you like fresh, tasty Asian cuisine, head over to SiriCrazy!

PBA Spoils Opener Volleyball Loses

By Jeffrey Messman

The friendly confines of the de Hoernle Center for the Lynn University volleyball team weren't as accommodating as they'd like, falling to visiting Palm Beach Atlantic 3-1 in the Knights' home opener.

After dropping the first two games, the Blue and White came on strong, narrowly pushing back the match to five games before falling 27-27, 22-30, 30-17, and 28-30.

The first game was as close and hard fought as any can be, with both squads trading leads back-and-forth. Up 18-17, PBA strung together five-straight points and looked to have the game put away.

With LU posting five of the next seven points, the Knights mounted a comeback before faltering to a 29-25 disadvantage with PBA.

Undaunted, the Knights rallied back with four straight, locking up the game with due points and hopefully taking the lead. Unfortunately for the LU faithful, PBA held strong to win the final point and the match 3-1.

The Sailfish took advantage early, jumping to a five point lead in the first game at 9-4. Lynn would battle back, cutting away at the PBA lead until they gained momentum and took the lead at 17-16 on a hard kill by Witherspoon.

With the Sailfish retaking the lead deep into the game, Knoebelch would tie the match again at 27-27 before PBA put away the final three points for the win.

Game two started all PBA, running to a 7-0 lead and never looking back. The Knights cut it to a three-point deficit at 11-14 but couldn't get any closer as Palm Beach Atlantic easily won the second game by eight points.

Lynn answered back in the third, showing the Sailfish that early leads aren't unique to West Palm Beach. Up 11-3, the Knights dominated PBA in the third game, closing out the win with six unanswered points for the 30-17 victory.

Today's Birthday (Sept. 14).
Take on more responsibilities this year, but keep track of your earnings. The money's going out almost as fast as it's coming in.

Taurus (April 20-May 20).
You'll have to go shopping, but be careful now. Only buy things that will help you make more money, to buy more things for your family. You're good at this.

Gemini (May 21-June 21).
The more chores you get checked off your list, the better you'll feel, as you know. So, cheerfully lump chugging away. This game never ends, so enjoy it.

Cancer (June 22-July 22).
You're in a pretty good mood, but everybody isn't. Be gracious to a person who's lost objectivity. Provide support.

Leo (July 23-Aug. 22).
You have to love to have the final say. Locking things up, money will fly. You don't have to pay more than others do for it, however. That's no good business.

Virgo (Aug. 23-Sept. 22).
Others might get giddy with success. Don't fall for that trick. Don't let your teammates forget the objective, either.

Libra (Sept. 23-Oct. 22).
Accept the ap- please, but don't let it go to your head. It could get in the way of expressing your talent.

Scorpio (Oct. 23-Nov. 21).
You're not one to hold a grudge for long. So, pay back a debt you owe, and then you can get on with your life.

Sagittarius (Nov. 22-Dec. 21).
Don't get stuck in repeating a procedure that doesn't work. Ask for input from others and listen to your own imagination.

Capricorn (Dec. 22-Jan. 19).
Pay more attention to business now, things are starting to move quickly. It would be easy to make a mistake.

Aquarius (Jan. 20-Feb. 18).
Some people may think you're radical, but you're quite cautious. You like to play exciting games, but you sure don't like to lose. Make careful plans.

Pisces (Feb. 19-March 20).
It's always good to have enough on hand for emergencies. Don't expect somebody else to do it for you.

Aries (March 21-April 19).
At first, it seems like you've got everything figured out. Keep looking around, and asking questions.

From “Craig’s List” to “Strong Island” An iPulse Staff Member’s Summer Internship Story
By Vanessa Ott

In New York City’s Harlem just between The Apollo Theatre and Columbia University, television production companies are making TV shows by the dozen.

Anyone who watches reality TV knows that ideas are running out fast and creative minds are in high demand.

Do you think you have it in you? Responding to an add off the job-placement website “Craig’s List” was all it took for me, Vanessa Ott, to get myself a spot on the Development Team for new shows at a Documentary and Non-Fiction based Television Production in the heart of Upper Manhattan.

For seven weeks, I worked directly under the producer of our new documentary drama where we followed six young men throughout their daily routines as DJs in many New York Hamptons’ nightclubs.

They partyed together, laughed and cried together, and made damn good television together.

It was my job to make sure the pressure, the deadlines, and getting yelled at in front of twenty people as an unpaid intern were all worth every minute. And to think, I only applied for a job on the development team.

As part of this team, interns are challenged to bring new ideas to the table, research their stories, and shoot their own footage.

Our company created numerous documentary pilots and sold them to networks with great success.

If you want a job in this field, getting an internship is the best way to test yourself.

It takes networking and a lot of mind-reading, especially when you are the Assistant to a Producer. It also takes the ability to be willing to do whatever it takes to get the job done.

This job will most likely leave me with my name in the credits of a new show coming up called “Strong Island.”

Apply for an internship on craigslist.com for a position at Triple Threat Television and a real chance to work in Television Production.

Hailing from Buffalo, New York “Moe.” was formed in 1991.

They have since earned three Junmy Awards for best live album (the double-disc L), another for best live set (the first of their three Bonnaroo appearances), and the latest for best studio album (Wormwood) which shows off the band’s song cycle.

“My band loves to tour. They have a very dedicated fan base that follows them everywhere they go.”

Sailfish Shut Down women's soccer Win 3-1
By Chad Beattie

The Lynn University women's soccer team overcame the loss of two players to red cards and defeated Palm Beach Atlantic 3-1 at the McCusker Sports Complex.

Beach Atlantic a two-inan advantage heading into the second half.

But Anderson and the Knights were not ready to give up.

Sara Mendeleberg sent a cross from the far side of the field to a couple yards high of the 19-yard penalty box and a waiting Anderson.

The sophomore forward fired a shot to the back post which sailed past the outstretched hands of Ashley Morrell for the game-winning goal.

Just 10 minutes later the Knights put the game away.

Wednesday afternoon.

Molly Anderson scored her third game-winning goal of the season and the Knights defense shut down the Sailfish in the second half.

The win snaps a three game losing streak and improves Lynn to 3-3 overall.

"I don't think this is something we want to do everyday [playing down two players] but I commend the players for playing the game tactically," said head coach Rocky Orezzoli.

"We defended, created scoring chances and obviously finished.

I don't think we played particularly well in the first 20 minutes and when PBA scored it woke us up.

I was pleased with how we responded especially after being unlucky the last couple of games." 

A 1-1 game quickly took a turn for the worst for Lynn in the final 15 minutes of the first half.

Summer McPhillips was given a red card in the 30th minute and Natalie Feller saw red in the 44th minute to give Palm Beach Atlantic a two-inan advantage heading into the second half.

The Knights return to action Fri-day, September 15 at 4 pm.

Tennis Triumph
A Former Lynn Student's Success
By Jeffrey Mesman

Showing that the success of Lynn athletics doesn't end with a player's graduation, former women's tennis player Dina Bajramovic has become yet another Knight to join the profes-

Sional ranks of their sport.

A 2005 Lynn graduate, Bajramovic is currently competing on the International Tennis Federation circuit, a precursor to the Sony Ericsson WTA Tour.

"Dina came to Lynn as a 15-year-old and really was a growing tennis player," Head Coach Mike Perez said about his former student-athlete.

"She got her degree in three years and is a highly motivated young lady. I think after her time here at Lynn she is ready for a pro career."

Beginning her career in February in San Cristobal, Mexico, Bajramovic has also seen action in tournaments around the United States including Evanston, Ill., and St. Joseph, Mo.

She recently competed in Tampico, Mexico, winning her first round match in straight sets 6-1, 6-0 before falling to 5th seeded Erika Clarke-Magana in the second round.

Overall, Bajramovic is 5-4 in singles action through four tournaments, and is 2-3 in doubles play.

She traditionally teams with her sister Masha Bayser, another LU Fighting Knight standout on the ITF circuit.

Healthy Habits
The Importance of Staying in Shape
By Kelsey Bremming

Trying to take off that freshman fifteen?

College students everywhere are trying to shed those few extra pounds they gained being away from home.

However, not everyone is doing it right. If you are that student who does not quite know what to do to keep your body healthy, keep reading!

Studies have shown that in order to stay healthy you must do not one thing – but a variety of different things.

While everyone's body is unique, we have found several common traits in healthy people that keep their bodies healthy and energized.

Taking vitamins every day can give you a lot of the nutrients that your body needs to stay healthy.

Vitamins help to prevent you from getting sick, make your hair and teeth stronger, as well as improve your vision.

Looking at all the different vitamins, the one that really stuck out was one called “Only One” multivitamin by New Chapter (available at Whole Foods).

This vitamin is 100% whole food (rather than chemical) and is certified organic, and contains all the important vitamins and minerals a healthy person needs on a daily basis.

This multivitamin works to promote a healthy immune system, keeping your bones strong, and helps maintain a healthy heart.

However, your body can't be healthy on vitamins alone; you need to eat the right foods as well.

When planning what to eat, you must choose a variety of different foods.

Trying eating more whole grains, lean cut meats, fruits, and vegetables, which will increase fiber, helping digestion.

Drinking plenty of water is also a must!

Water helps to regulate your body temperature, helps nutrients travel to all of our organs, and helps remove waste.

Your body generally needs thirty minutes of cardiovascular activity at least three times a week.

Whether you decide to go for a brisk walk, lift weights at the gym or go for an all-out run, the important thing is to form the habit of regular exercise.

We can all make excuses why we do not do what we have suggested, but the important thing to remember is “Just Do It!” - Nike.

Smart Driver?
The New Urban Car
By Laura Vann

Have you seen a car that resembles the fashionable Mini Cooper, but looks like it has been put through a compactor?

If so, you have seen the automobile rage taking over European countries - the Smart Car.

It has made appearances in 2006 movies including “The Pink Panther,” “The Da Vinci Code,” “Garfield: A Tale of Two Kitties” and “Scoop.”

As a division on Mercedes-Benz, the Smart Car was developed specifically for urban European cities where streets are narrow, parking is scarce and fuel economy is essential.

With its debut in 1998 of their original model, the “Fortwo,” Smart developed an innovative alternative to gas-guzzling SUV's.

The idea behind this “Micro compact car” was to generate a vehicle that was easy to park.

Instead of parallel parking, the Smart Car is short enough to pull “nose in” into a space.

However, this type of parking can be very dangerous, and it has been banned in Germany and Munich.

Although the Smart Car is small and gets great gas mileage - 60 miles per gallon - in its current form, it doesn’t pass the United States standard for emissions.

Technically, people in the United States can import a Smart Car from Canada, but acquiring a state title and a license may be difficult.

Smart still has work to do, but the next generation of the Smart Fortwo is expected to be available to United States consumers in early 2008.

Don’t miss your chance to have the smallest, most unique and compact car on the road.

Women Fall Florida Tech Wins 1-0
By Cloud Beattis

Despite dominating the stat sheet, Florida Tech stunned the Lynn

University women's soccer team 1-0 on Wednesday evening.

The Panthers snapped the Knights' three game unbeaten streak and dropped LU to 4-4-

1 overall and 1-1 in the Sunshine State Conference.

Zalis’ shot was on target but blocked to give LU a cor-
nor kick with 18 seconds remaining. O’Connell’s

subsequent corner kick landed in the 18-yard box where McPhillips drove a

shot on net but a Panthers defender cleared the ball off the goal line to preserve the victory.

The Knights return to action Saturday, September 30 at 1 p.m. when they host Florida Southern.

Men Win! Soccer Stays Perfect
By Chad Beattis

The men's soccer team re-
mained perfect in two ways with a 3-1 victory against Florida Southern.

The Knights improved to 8-0 on the season and 3-0 in the

Sunshine State Conference while moving to 10-0 all-time against the Moccasins.

Nana Short, Kenneth Viquez and Carl Wallace all scored for Lynn, who has not trailled a

minute throughout their first eight games.

“I’m glad that we won today,” said head coach Shaun Pendleton. “In my 16 years coaching here anytime we

play Barry, we play very poorly against our own oppo-

nent. And that held true today. But knowing that

coming into today, I’m happy with the result. I am disap-

pointed with the goal we let in at the end of the first half, there were poor decisions by

the coaching staff and players but overall I’m just happy

to pull out a victory.”

For the fifth time this season, the Blue and White scored their first goal within the first ten

minutes.

Finally in the 41st minute the Knights struck. Nick Hind-

haugh serviced a low-cross from the left corner that ran under keeper Matt Ward’s

arm.

Viquez waited patiently for the ball and one-timed it into the

open net to put Lynn up 2-0.

The celebration would be short-lived as FSC (2-6-1, 1-

2-0) scored with under two

minutes remaining in the half. Garrett Gaa fired a free kick from the top right corner of the

18-yard box, just left of the three man wall.

Keep Tim Melia made the initial punch

save but Joe McGuire beat his

defender, crashed the net and poked in

the goal.

Wallace would put the game away in the 51st minute. A

fantastic punch save by Ward fell to the foot of defender

Sean Doyle.

Doyle attempted the clearance but the ball sliced off his foot to the
top of the 18-yard box. Wall-

ace drove the ball to the right of the net, away from Ward who was still on the ground, to
give the Knights a 3-1 lead.

After shutting out five con-

secutive opponents, LU has surrendered goals in back-to-

back games. Melia and Ward each closed out the contest with three saves. The Fighting

Knights outshot the Moccasins

13-8 and led the corner kick battle 8-5.
