- Jena Zakany, Mara Shanes, Kristen Flubor, Megan McSweeney: Hosting eight faculty-led study tours, more than 145 Lynn students traveled abroad to far-off places including Europe, Australia, China, and South Africa.

- Ginny Couch, a 20-year-old junior from Houston, Texas majoring in fashion, traveled with fellow classmates to Eastern Seaboard, Australia.

- According to Sheila Shepard, Director of International Programs and Services at Lynn, "Students choose study tours because they are with faculty that they know and their peers who they feel comfortable with. Since 9/11, faculty and students have taken more of an interest in travel abroad. There has actually been an increase in the numbers of students for these tours."

- Despite the fears implanted on 9/11 and revisited with various terrorist attacks abroad, students are participating in international travel and prove to be enjoying their experiences. Have you pursued your passport yet?

- Under what circumstances would a woman willingly describe herself as "oversized?"

- When she refers to the size of her purse-of course!

- We all know that the skinny thing is in, but right now the hot new item is oversized handbags.

- Whether you are wearing it over your shoulder, clutched to your chest or simply holding it down to your side, it is the latest new accessory.

- Not only are celebrities such as Nicole Richie and Jessica Simpson sporting them, but every woman is trying to get her hands on one of these many trendy oversized purses.

- Women are wearing them out at night, and others are wearing them to school or simply just around town.

- Nowadays, women are carrying a lot more in their bag, so it is perfect for carrying just about anything. They are a perfect style for an every-day bag, or can be carried for a night on the town.

Lucky Number Slevin (R)

For a CD that was released so recently (September 5), it is already booming worldwide. It is Beyoncé Knowles' second solo album, and she isn't holding back one bit.
The CD is filled with 'hot tracks', some of which seem like they were made to be played in a club atmosphere.

Women Split at Tournament
By Chad Beatrice

The volleyball team split their second day at the University of Charleston Capital City Classic.
The Knights easily defeated Concord 3-0 in the opener before falling to West Virginia State College 3-1.
Against Concord, the Knights became part of the record books, setting four top-five records.

Ladies Lose
Soccer Team Falls
By Chad Beatrice

The women's soccer team fell 3-0 to West Virginia on Sunday afternoon, dropping the Knights to 2-3 on the season.
Six freshmen started for Lynn and Natalie Feller made her first appearance in net.

"I am disappointed in our effort for this weekend," said head coach Rocky Razzotti.
"We give our opponents little opportunities but the chances we do give them, they are able to convert. On the same token we are putting a lot of pressure on them but we can't but the teams away. This is something we have to work on if we are going to be successful."

Shropshire recorded three saves while Jennifer Rose notched five saves.

Lynn University returns to action Wednesday, September 13 at 4 pm when it hosts Palm Beach Atlantic.

Men Win
Soccer Team Takes Harding
By Chad Beatrice

A scrappy defense and well-timed goals led the second-ranked Lynn University men's soccer team to a 4-0 victory against Harding on Sunday afternoon.
Four different Knights scored goals, including Gabe Taboada's first career goal, and the defense held the Bisons to only one shot on goal. LU improves to 4-0 overall.

"Well we are two-three in the way through and I'm happy that we are 4-0," said head coach Shaun Pendleton.

Madden NFL '07
By Vanessa Ott

NFL '07 Official Stragey Guide are available with free shipping and have already skyrocketed in sales.

Electronic Arts Inc. said Thursday, September 7th that sales of its latest "Madden" football videogame grossed more than $100 million in its first week, the biggest launch in the franchise's 17-year history; and the latest sign of an improving outlook for the industry.

Football season has started with your Sunday and Monday nights fully occupied by game watching in the comfort of your den or dorm room.

For the other days of the week, keep your playing strategies sharp with Madden NFL '07.

Madden is available on XBOX, Nintendo GameCube, XBOX 260 and PlayStation2.

Players can now jump into the air to collect items and game modifiers that exist above the playing field, which can change the way the game is played.

Once airborne, players can pull off style moves that rack up even more points.

New Gadgets
The New iPod
By Whit Tower

Five years ago Music lovers turned to the iPod for an excellent MP3 player.

Today the newly released Fifth Generation iPod is capable of playing far more than just Music.

The most recent iPod is capable of storing 80GB, Which means 20,000 songs, 25,000 photos, and a maximum of 100 hours of Video storage.

The new iPod Nano now comes with an 8GB storage, meaning 2,000 songs, 25,000 snapshots, and comes with the capability of playing audiobooks and podcasts.

With a thinner design, five stylish colors, a brighter display, and up to 24 hours of battery life the I-Pod Nano is completely remastered.

You may want to get rid of that old one since this new Pod is packing a battery capable of playing for 20 hours!

It's all yours for a nifty $349.

StirCrazy

By Samantha Murphy

With so few locations in the United States, StirCrazy is really a great place to eat. Luckily for us, there is a StirCrazy just moments away, at the Town Center Mall.

They offer fresh and delicious Asian cuisine. Their most popular dish is the "Create Your Own Stirfry." Pick meat or seafood, rice or noodles, any vegetables you want, and your favorite sauce. Then, hand it over to the chef, and watch your food being prepared right in front of your eyes!

Everything is fresh and made to order. But not to worry, the "Create Your Own Stirfry" option is not the only good thing they have. They are famous for their banana won ton dessert, which is fantastic!

One important thing to know is that StirCrazy gets very busy during dinner hours, so be sure to plan ahead! They do not accept reservations, but will put your name on the list if you call ahead when there is a wait.

StirCrazy is one of my favorite restaurants. So if you like fresh, tasty, Asian cuisine, head over to StirCrazy!

Astrology Daily Reading

Today's Birthday (Sept. 14).

Take on more responsibilities this year, but keep track of your earnings. The money's going out almost as fast as it's coming in.

Aries (March 21-April 19).

At first, it seems like you've got everything figured out. Keep looking around, and asking questions.

Taurus (April 20-May 20).

You'll have to go shopping, but be careful now. Only buy things that will help you make more money, to buy more things for your family. You're good at this.

Gemini (May 21-June 21).

The more chores you get checked off your list, the better you'll feel, as you know. So, cheerfully keep chugging away. This game never ends, so enjoy it.

Cancer (June 22-July 22).

You're in a pretty good mood, but everybody isn't. Be gracious to a person who's lost objectivity. Provide support.

Leo (July 23-Aug. 22).

You love to have the finest-looking things but your money will vary. You don't have to pay more than others do for it, however. That's not good business.

Virgo (Aug. 23-Sept. 22).

Others might get giddy with success. Don't fall for that trick. Don't let your teammates forget the objective, either.

Libra (Sept. 23-Oct. 22).

Accept the approval, but don't let it go to your head. It could get in the way of expressing your talent.

Scorpio (Oct. 23-Nov. 21).

You're not one to hold a grudge for long. So, pay back a debt; you owe, and then you can get on with your life.

Sagittarius (Nov. 22-Dec. 21).

Don't get stuck in repeating a procedure that doesn't work. Ask for input from others and listen to your own imagination.

Capricorn (Dec. 22-Jan. 19).

Pay more attention to business now, things are starting to move quickly. It would be easy to make a mistake.

Aquarius (Jan. 20-Feb. 18).

Some people may think you're radical, but you're quite cautious. You like to play exciting games, but you sure don't like to lose. Make careful plans.

Pisces (Feb. 19-March 20).

It's always good to have enough on hand for emergencies. Don't expect somebody else to do it for you.

Men Ranked #1

Soccer Prepares for Rematch

By Chad Beattie

The men's soccer team has marched to the number one ranking in Division II soccer with three impressive victories this weekend.

Lynn previously held the top spot in the national rankings from September 25, 2005 to October 24, 2005.

Lynn has shutout its last four opponents, the longest streak since it notched nine consecutive in 2001, and held opposing teams to just 10 shots in goal (two per game). SSC Defensive Player of the Week Nano Short has helped guide the defense while also chipping in a goal and assist in the last two games.

Marking any one player will be difficult for Saint Leo considering eight different members of the Blue and White have at least one goal and four have multiple goals.

Fans can follow the action live by logging on to www.lynn.edu/athletics and clicking on the "live audio" and "live stats" links.

PBA Spoils Openner Volleyball Losses

By Jeffrey Messman

The University dominates the de Hoernle Center for the Lynn University volleyball team weren't as accommodating as they'd like, falling to visiting Palm Beach Atlantic 3-1 in the Knights' home opener.

The Knights now turn their attention to 2005 Sunshine State Conference regular season champion Saint Leo, whom they host on Sunday, September 17 at 2 pm.

"It is a tremendous honor for our soccer team and Lynn University to be ranked no. 1 in the country," said head coach Shaun Pendleton.

"We've had a difficult road to start the season and it's not going to get any easier with the rest of our schedule. There's a target on our backs because everyone wants to beat the number one team, so we need to focus on just our business just like we've done in our first five wins."

Ranked 10th in the preseason poll, Saint Leo has struggled to regain last season's form. The Lions have lost three of their last four games, all to opponents that have been ranked this year.

With the Sailfish taking advantage early, jumping to a five point lead in the first game at 9-4.

Lynn would battle back, cutting away at the PBA lead until they gained momentum and took the lead at 17-16 on a hard kill by Witherspoon.

With the Sailfish retaking the lead deep into the game, Knebel was poised to tie the match again at 27-27 before PBA put away the final three points for the win.

The final game was as close and hard fought as any can be, with both squads traded leads back-and-forth.

Up 18-17, PBA strung together five-straight points and looked to have the game put away.

With LU posting five of the next seven points, the Knights mounted a comeback before fading to a 29-25 disadvantage with PBA.

Undaunted, the Knights rallied back with four straight, locking to push the game into extra points and hopefully a deciding fifth game. Unfortunately for the LU faithful, PBA held strong to win the final point and the match 3-1.

From "Craig's List" to "Strong Island"
An iPulse Staff Member's Summer Internship Story
By: Vanessa Ott

In New York City's Harlem just between The Apollo Theatre and Columbia University, television production companies are making TV shows by the dozen.

Anyone who watches reality TV knows that ideas are running out fast and creative minds are in high demand.

Do you think you have it in you? Responding to an add off the job-placement website "Craig's List" was all it took for me, Vanessa Ott, to get myself a spot on the Development Team for new shows at a Documentary and Non-Fiction based Television Production in the heart of Upper Manhattan.

For seven weeks, I worked directly under the producer of our new documentary drama where we followed six young men throughout their daily routines as DJs in many New York Hamptons' nightclubs.

They partyd together, laughed and cried together, and made damn good television together.

It was my job to make sure that whatever they didn't have the time to do got done... no matter what it took.

The pressure, the deadlines, and getting yelled at in front of twenty people as an unpaid intern were all worth every minute. And to think, I only applied for a job on the development team.

As part of this team, interns are challenged to bring new ideas to the table, research their stories, and shoot their own footage.

Our company created numerous documentary pilots and sold them to networks with great success.

If you want a job in this field, getting an internship is the best way to test yourself.

It takes networking and a lot of mind-reading, especially when you are the Assistant to a Producer. It also takes the ability to be willing to do whatever it takes to get the job done.

This job will most likely leave me with my name in the credits of a new show coming up called "Strong Island."

Apply for an internship on craigslist.com for a position at Triple Threat Television and a real chance to work in Television Production.

Recent reports claim that Spears gave birth to another baby boy just after 2 a.m. on September 12th at Cedars-Sinai Medical Center. This is the couple's second child together.

People.com has reported on its website that Spears gave birth by a planned cesarean section procedure.

While Britney's camp remains hush, hush on the new arrival, entertainment magazine US Weekly claims that they have confirmation from a family source that both mother and son are doing just fine.

Britney has consistently been under the watchful eye of the paparazzi in what many would call a tumultuous year.

From the infamous baby on the lap driving incident to the launch of her husband's much scrutinized rap career.

One can only hope that Britney's luck is taking a turn for the best.

Tennis Triumph
A Former Lynn Student's Success
By Jeffrey Messman

To be or not to be... (on campus, of course) that is the question.

Moving Off Campus?
Whether you want to live near the beach, close to school, or within walking distance of Mizner Park, we scoped out the most highly sought-after condos by students here at Lynn.

Our results? For those students looking to live close to campus then San Marco is perfect for you.

Located right on North Military Trail, it is only about a 3-5 minute drive!
Each apartment has an outside balcony and access to a pool, tennis court, and even a fitness center!

For the student who lives for shopping and an incredible nightlife, Palmetto Place may be what you're looking for!

This high rise apartment complex not only has wonderful views but it is only a 5 minute walk to Mizner Park.

If living near the beach is a must, and somewhere not too far from school, then Vistazo was built for you!

These rapidly expanding townhouses are home to many Lynn students.

If you are looking to live with at least two roommates and want to be in a community with lots of college students, then this is definitely the place for you.

All three condos are great, and very Lynn University friendly, so if you are looking to move off campus but still want the flavor of Lynn, these three off campus hot spots are your best bet!

The Lynn University women's soccer team overcame the loss of two players to red cards and defeated Palm Beach Atlantic 3-1 at the McCusker Sports Complex.

Wednesday afternoon.
Molly Anderson scored her third game-winning goal of the season and the Knights defense shut down the Sailfish in the second half.

The win snaps a three game losing streak and improves Lynn to 3-3 overall.

"I don't think this is something we want to do everyday [playing down two players]," said head coach Rocky Orezzoli.

"We defended, created scoring chances and obviously finished.

I don't think we played particularly well in the first 20 minutes and when Palm Beach scored it woke us up.

I was pleased with how we responded especially after being unlucky the last couple of games."

A 1-1 game quickly took a turn for the worst for Lynn in the final 15 minutes of the first half.

Summer McPhillips was given a red card in the 30th minute and Natalie Feller saw red in the 44th minute to give Palm Beach Atlantic a two-goal advantage heading into the second half.

But Anderson and the Knights were not ready to give up.

Sara Mendez-Rubio sent a cross from the far side of the field to a couple yards high of the 18-yard penalty box and a waiting Anderson.

The sophomore forward fired a shot to the back post which sailed past the outstretched hands of Ashley Morrell for the game-winning goal.

Just 10 minutes later the Knights put the game away.

Jennifer Perreault perfectly split the Sailfish with a through-ball and Breanna Heising outran the defense, nailing a shot to the right post beyond Morrell.

The goal and assist were the first for Heising and Perreault.

PBA took the early 1-0 lead in the 17th minute.

Mindy DeCara squared things up though at 19:44.

Anderson collected a pass from Alyssa Rivas from the far sideline and sent a cross pass over the Sailfish defense at the top corner of the six-yard box.

DeCara juked the keeper to her right and scored her second goal in three games.

Lynn outshot Palm Beach Atlantic 22-11 but lost out on the corner battle 7-4.

Shropshire recorded five saves in net for L.U.

The Knights return to action Friday, September 15 at 4 pm.

Beginning her career in February in San Cristobal, Mexico, Bajramovic has also seen action in tournaments around the United States including Evansville, Ind., and St. Joseph, Mo.

She recently competed in Tampico, Mexico, winning her first round match in straight sets 6-1, 6-0 before falling to 5th seeded Erika Clarke-Magana in the second round.

Overall, Bajramovic is 5-4 in singles action through four tournaments, and is 2-3 in doubles play.

She traditionally teams with her partner Masha Bayser, another LU Fighting Knight standout on the ITF circuit.
The heart has its reasons which reason knows not of.

Healthy Habits
The Importance of Staying in Shape

By Kelsey Breining

Trying to take off that freshman fifteen?

College students everywhere are trying to shed those few extra pounds they gained being away from home.

However, not everyone is doing it right. If you are that student who does not quite know what to do to keep your body healthy, keep reading!

Studies have shown that in order to stay healthy you must do not one thing – but a variety of different things.

While everyone's body is unique, we have found several common traits in healthy people that keep their bodies healthy and energized.

Taking vitamins every day can give you a lot of the nutrients that your body needs to stay healthy.

Vitamins help to prevent you from getting sick, make your hair and teeth stronger, as well as improve your vision.

Looking at all the different vitamins, the one that really stuck out was one called "Only One" multivitamin by New Chapter (available at Whole Foods).

This vitamin is 100% whole food (rather than chemical) and is certified organic, and contains all the important vitamins and minerals a healthy person needs on a daily basis.

This multivitamin works to promote a healthy immune system, keeping your bones strong, and helps maintain a healthy heart.

However, your body can't be healthy on vitamins alone; you need to eat the right foods as well.

When planning what to eat, you must choose a variety of different foods.

Try eating more whole grains, lean cut meats, fruits, and vegetables, which will increase fiber, helping digestion.

Drinking plenty of water is also a must!

Water helps to regulate your body temperature, helps nutrients travel to all of our organs, and helps remove waste.

Your body generally needs thirty minutes of cardiovascular activity at least three times a week.

Whether you decide to go for a brisk walk, lift weights at the gym or go for an all-out run, the important thing is to form the habit of regular exercise.

We can all make excuses why we do not do what we have suggested, but the important thing to remember is "Just Do It" - Nike.

Have you seen a car that resembles the fashionable Mini Cooper, but looks like it has been put through a compactor?

If so, you have seen the automobile rage taking over European countries – the Smart Car.

As a division on Mercedes Benz, the Smart Car was developed specifically for urban European cities where streets are narrow, parking is scarce and fuel economy is essential.

With its debut in 1998 of their original model, the "Fortwo," Smart developed an innovative alternative to gas-guzzling SUV's.

The idea behind this "Micro compact car" was to generate a vehicle that was easy to park.

Instead of parallel parking, the Smart Car is short enough to pull "nose in" into a space.

However, this type of parking can be very dangerous, and it has been banned in Germany and Munich.

Although the Smart Car is small and gets great gas mileage – 60 miles per gallon – in its current form, it doesn't pass the United States standard for emissions.

Technically, people in the United States can import a Smart Car from Canada, but acquiring a state title and a license may be difficult.

Smart still has work to do, but the next generation of the Smart Fortwo is expected to be available to United States consumers in early 2008.

Don't miss your chance to have the smallest, most unique and compact car on the road.
Dodgeball Weekend Fun
By Vanessa Ott

No plans for the long weekend? Come out for KAT's Dodgeball Tournament this Saturday on the tennis courts! There will be 10 teams competing and each player on the winning team will receive a reward of $50 and a free copy of the movie Dodgeball featuring Ben Stiller and Vince Vaughn.

Lynn's version of ESPN8, "The Ocho" will be commenting on the action while spectators will have a chance to sit and enjoy good music and the games or come down and form your own team of five!

Think you have it in you to play? Well, if you can dodge a wrench, you can dodge a ball.

Get down to the courts and show us your Average Joe moves. Teams are encouraged to make uniforms, but not required.

The game starts at 3pm and for more information about signing up and team names, call the campus information line at 561-237-7FUN and come to watch your own classmates.

KIC It Up!
Knights in the Community
By Rachel Weiss

If your route is leaving you with too much time on your hands, you may just want to kick it up a notch with KIC, Knights in the Community.

KIC is a Lynn-based humanitarian program for those who want to get involved with community service and help those less fortunate.

The club is headed by president Megan Perry with vice president Steven Zwick, outreach communicator Mattie Ruehl, and treasurer Karina Ortega. Meetings are every other Tuesday at 6 p.m. in the Knights Court. The next meeting is Oct. 10.

Luckily for the particularly busy student, membership is not required. There are about six major events per semester and any student is welcome to participate. Transportation is provided.

KIC does more than provide service to the community; they get involved. Activities include but aren't limited to reconstructing housing with Habitat for Humanity, crazy-fun Easter egg hunts for kids, a trip to the Morikami Museum, organizing a toy drive, and helping out at a soup kitchen.

KIC exists solely to present students with opportunities to have an impact on the world around them in the here and now. Whether it's helping to put food on the table of those who can't afford one, giving a child a toy who's never gotten a gift, or even environmental improvement which could forestall global warming, the possibilities are endless.

Women Fall Florida Tech Wins 1-0
By Cloud Beattis

Despite dominating the stat sheet, Florida Tech stunned the Lynn University women's soccer team 1-0 on Wednesday evening.

The Panthers snapped the Knights' three game unbeaten streak and dropped LU to 4-4-1 overall and 1-1 in the Sunshine State Conference.

LU outshot Florida Tech 11-5 in the second half and 19-6 overall but a lob shot by Tech snapped a scoreless tie in the 64th minute.

The Blue and White had a chance to tie twice in the final minutes, first by Vanessa Zalis and finally by Summer McPhillips.

LU's shot was on target but blocked to give LU a corner kick with 18 seconds remaining. O'Connell's subsequent corner kick landed in the 18-yard box where McPhillips drove a shot on net but a Panthers defender cleared the ball off the goal line to preserve the victory.

The Knights return to action Saturday, September 30 at 1 pm when they host Florida Southern.

Men Win! Soccer Stays Perfect
By Chad Beattis

The men's soccer team remained perfect in two ways for much of the first half though, as LU couldn't keep the pressure up in Florida Southern territory.

A defense stalemate followed for much of the first half, but in the 41st minute the Knights struck. Nick Hindbaugh serviced a low-cross from the left corner that ran under keeper Matt Ward's arm.

Viquez waited patiently for the ball and one-timed it into the open net to put Lynn up 2-0.

The celebration would be short-lived as FSC (2-6-1, 1-2-0) scored with under two minutes remaining in the half. Garrett Gaa fired a free kick from the top right corner of the 18-yard box, just left of the three man wall.

Wallace would put the game away in the 51st minute. A fantastic punch save by Ward fell to the foot of defender Sean Doyle.

Doyle attempted the clearance but the ball sliced off his foot to the top of the 18-yard box. Wallace drove the ball to the right of the net, away from Ward who was still on the ground, to give the Knights a 3-1 lead.

After shutting out five consecutive opponents, LU has surrendered goals in back-to-back games. Melia and Ward each closed out the contest with three saves. The Fighting Knights outshot the Moccasins 13-8 and led the corner kick battle 8-5.
