What We Have Been Doing

- Provide equipment and support for the Knightly Review, which shoots weekly. Multi-media Journalism students host the shows.
- Edit videos and run the production for the Athletics Awards banquet and show at the end of the year.
- As part of the new network, provided equipment and support to record players' intros on the baseball, softball, basketball and lacrosse teams.

...and Now...

Our Goals in Collaboration

- To put Lynn University's name out in the athletic and larger communities as an innovative program that is doing unique things.
- To increase the level of game coverage currently available for Lynn athletics, which was usually just a single camera and announcer.
- In the experimental phase right now, testing out multi-camera production and streaming for different sports before the end of this academic year.
- Will complete productions in basketball, lacrosse, baseball and softball this semester.
- Fall semester starting in 2016, all home games for most sports will be covered.
