DESIGN THINKING & AI

Design Thinking and the 5 Elements

Examples for each element   as a Case Study using ChatGpt – Chat.openai.com

1. Interview Managers   – shadow them, coach employees
Organizational Culture   – teams and committees
2. Describe the issue
3. Brainstorm ideas, coaching, mentoring circles
4. Create storyboards of an interactive prototype. Create chatbots
5. Gather feedback. i.e. evaluations or surveys

Implement!

1. Empathize

2. Define

3. Ideate

4. Prototype

5. Test

Thank You
