Parents Support Annual Appeal

The first major fund-raising program of the college, the Parents Annual Appeal for Marymount, has resulted in more than $7,000 being raised and, according to Mother de la Croix, President, "is a most gratifying and spontaneous response to the development needs of the college." Conducted in April, the fund drive will be an annual event and is designed to involve the parents of students in an active program of financial support on a sustaining basis.

"This support of Marymount by the parents confirms our common belief that the deeply contemporary and Christian purpose of the college is recognized and backed by those most vitally concerned with our future as an institution of private higher education," added Mother de la Croix.

First Charity Horse Show

Over 100 participants entered the 57 classes which comprised the Marymount College Charity Horse Show held at the Royal Palm Polo Field, April 30 - May 1. Returns from the show will enable the college to purchase two passenger buses and provide students a greater opportunity to engage in volunteer community service projects. Bill Stager, riding academy owner, was the show chairman. Mrs. Betty Merritt, physical education instructor at the college, and Peggy Fillyaw, served as college coordinators for the show.

Acquisition of these buses will help overcome the transportation problem which in the past has limited the volunteer services of the students.
