D.U.I. Zone

By Wendy Schenk

Squealing sirens, flashing red and blue lights, broken glass on asphalt: welcome to the D.U.I. zone. Your hosts, Sgt. Knoll (traffic investigations) and Sgt. Dares (operation D.U.I.), both out of Boca Police Department, scribble accident details onto notepads before the driver arrives. Scanning the scene, faces of fellow officers and the ambulance crew reflect the shock, relief, and remorse. The victims unceremoniously exit the scene toe-tagged and body-bagged.

In an interview, Sgt. Dares (a member of the Special Operations Team for eight years), volunteered information about D.U.I. related crimes, and crimes associated with the group behind the danger. All of the police's lead up to some form of identification, but did you know that Club Boca has a Designated Driver Program? This means that the designated driver gets complimentary juices or soda if he the bartender. After asking Scott Merkel, the general manager of Dirty Moe's West, he said, "No, we don't have a Designated Driver Program, but it sounds like a good idea. All we offer to do is call the Yellow Cab service and send them home."

Club Boca employees have to pass a test given by the Nation Liquor Liabilities Foundation. The employees at Dirty Moe's West have to meet with agents of The Alcohol, Beverage and Tobacco Bureau for training. Both Silver and Merkel said making it difficult to get licenses reinstated." Dares said.

If you have an out-of-state license D.U.I. is a misdemeanor crime to points will accumulate on a license from any state. If you refuse to pay the ticket, you will be arrested and held to the court date, a warrant is placed nationwide for your arrest. You will lose your license, your bond for $500-5000 dollars is posted. As of November 1, 1989, parents must sign a release of liability for a minor that is over eighteen gets caught in a bar, he is charged as an adult. He gets a notice to appear in court and if it is his first time then it is usually a misdemeanor. The bar has to go in front of the board of the Tobacco and Firearms Administration, which reviews the bar's record. The bar usually sends up paying a fine and eventually closing for good.

All of the police lead up to letting the customer have a good time, but knowing when to say "when." Their goal is to have customers make it home safely and come back to have fun.

Bar Exams

By Ron Babicz

We all know that the main policy for bars is that you have to be twenty-one to get in with some form of identification, but did you know that Club Boca has a Designated Driver Program? This means that the designated driver gets complimentary juices or soda if he the bartender. After asking Scott Merkel, the general manager of Dirty Moe's West, he said, "No, we don't have a Designated Driver Program, but it sounds like a good idea. All we offer to do is call the Yellow Cab service and send them home."

Club Boca employees have to pass a test given by the Nation Liquor Liabilities Foundation. The employees at Dirty Moe's West have to meet with agents of The Alcohol, Beverage and Tobacco Bureau for training. Both Silver and Merkel said making it difficult to get licenses reinstated." Dares said.

Harid Conservatory Dancers Class. Dancers I to Jr. Lydia Tetzlaff, Jennifer Stelzer, Annette Milliron, Regina McMahon

Photo by Susan Cohen

Harid Conservatory

By Kari Pfeiffer

The Harid Conservatory is a private conservatory for music and dance study, much like the Juilliard School in New York. It is opened for the school year 1988-89, and is presently in its second year. Funded by a multi-million dollar donor, who wishes to remain anonymous.

Only the dance program is now in effect. It is designed for intensive study, and it prepares the students for careers as dancers, choreographers, directors of companies and schools, teachers, and arts managers. The program includes six days per week of classes in ballet technique, pointe, men's class, variations, partnering, jazz, character, and a weekly technique class. The faculty and administration are well-known throughout the dance world. The dance program also includes intensive music classes for dancers in theory, history, and solfège (sight-reading).

The Conservatory has twenty-four students from around the country and one international student from Brazil. Students arrive in August for an intensive summer program, the college level and attend CBR, and the rest attend Pope John Paul High School. The "dormitory" is temporarily located at a hotel in Deerfield Beach. In January, the first of the buildings the Conservatory is having built will open on the south end of CBR campus.

Classes are open for observation by CBR faculty and students who are interested. The students will be putting on Christmas performances December 16 and 17 and opening performances for the new building January 27 and 28.

Students Complain, Mail Room Explains

By Kristen Lizza

They're nasty, they're very nasty. It's never on time!" Stacey Soldo, a freshman at CBR said the mail room is frustrated with the mail room personnel. Her sentiments are shared by many. When asked about her experiences with the mail room, Dana Vamvakias said "I don't like how you can't get the mail on Saturdays." Brenda Peirson, a sophomore at CBR, would like the mail to be distributed earlier. Students become anxious when they know they have been sent mail from family and friends. They build their hopes up on receiving their letters. To them it seems an endless wait before anyone bothers to put the mail in their box. Anyone who is in the mail room at noon can see and feel the tension between the impatient students and the mail distributor. Courtney Beck said she doesn't even get her own mail. "I have been getting Marie Beck's mail and she probably is getting mine."

Students feel the biggest inconvenience is the package room is so far. You have to cart it all the way back to the dorm," said Alaine Kennedy, a sophomore at CBR.

In response to many students' complaints, Alberta Nolan, mail room personnel, stated "sorting out the mail everyday is a long and cumbersome ritual." This is especially true for Nolan because she is new on the staff. Students hovering over her and complaining naturally slows her work considerably. Al Lepera, who has been working in the mail room for five years, said "They're not giving us a chance, that's all." Lepera picks up the mail Monday thru Friday at 7:00 a.m. He arrives back at CBR at
Security on Campus

Cameras, alarms, T.V. monitors: The security technology of tomorrow has arrived at C.B.R. today. Mike McMurray, Director of Security on C.B.R.'s campus, the Security Department, has set up the ultimate security for a college campus. The school has made several new additions to its campus such as closed circuit television cameras in Wixted Dorm, a lock-door system to insure a one-way-in, one-way-out mechanism, and alarms on several dorm rooms that will insure that there are no intruders invading the dorm halls.

The K.O.R. department wanted students to feel as safe and secure on C.B.R.'s campus as they would in their own homes. This is working out well. McMurray commented that he noticed that the freshmen... at C.B.R. are feeling quite some time. The security team of C.B.R. will have to build a better relationship with the students who attend the school. They understand that students need to enjoy life while attending college, but they have to make sure that the students are a safe and secure atmosphere for learning.

Office of the Dean of Freshmen

Dean of Freshmen, Greg Cox, is working hard to make sure that C.B.R.'s freshmen class. Mr. Cox says that he has noticed that the freshmen class are doing quite well with C.B.R. students are slightly stronger academically than past classes. Cox says that the Office of Dean of Freshmen involves the academic life of the freshman class. He hopes that students make the right academic choices.

Next semester, Dean Cox has several important plans for the freshman class. For incoming freshmen (transfer students), there is a pre-registered schedule available. Those students will also receive pre-registered schedules, as did the present freshman class.

KOR

Since before day one K.O.R. has been on the move trying to make campus life more enjoyable. They were here making orientation easier for freshmen and new students. K.O.R. also sponsored several events that went extremely well with students. Everyone who participated in the K.R. Challenge, Knight on the Town, and Casino Night had a great time. These were some of the most popular activities this semester; so don't forget to check what K.O.R. is doing for students on campus.

Library

The C.B.R. library offers these educational tools: CDROM (the periodical guide to literature on computer), microfilm program from which you can print the information (you retrieve), and a professional staff of librarians available during library hours. Library hours are Mon.-Thurs. 8:30 am-10:00 p.m., Fri. 8:30 am-5:00 pm, Sat. 12:00 pm-5:00 pm, and Sun. 2:00 pm-5:00 pm.

The Academic Council

The Academic Council of the College of Boca Raton was established to discuss and recommend programs of study that affect the school's policies. They primarily review and make decisions concerning courses and new programs of study.

For this spring semester, the Academic Council has approved new courses, one which is for the summer program, and also three new degree programs.

Next semester the Academic Council will set their sights on establishing the courses for summer term and recommending new freshmen courses. One will deal with coping with being away from home and all that goes with starting college.

A last note, to settle all the rumors that have been surfacing concerning the College of Boca Raton turning into a university any time soon. Mr. Cox assures us that will not be happening in the near future.

Bookstore

The College of Boca Raton Bookstore located in Collegetown, is getting ready for the spring semester. They have six years the Bookstore, under the management of Maryann McMullen, has been providing services for the students of CBR. It is a resource center for books, snacks, limited necessities, check cashing, and college paraphernalia.

With the spring semester just around the corner, the bookstore has ordered new mock turtleneck sweaters and waist packs in hot new colors. Selected merchandise will be on sale half price. New books for the spring semester have already been ordered and will be available for students at their convenience.

Cash/cashiering provided by the bookstore will continue to be active for the spring semester. It is recommended that students wishing to cash checks should have their school identification card with them. It is also recommended that they are careful not to bouncer checks. If a student bounces a check, the bank will refuse to allow students to cash checks at the bookstore for the remainder of the semester.

"Any comments or suggestions are always welcome," said Ladika. "The librarian and staff are willing to listen."
Mortuary Science Major

By Vicky Ancill & Gerri H. Alexander

Many students do not realize that the College of Boca Raton offers a mortuary science program. This program was designed to produce a well-rounded individual with knowledge of the psychological, business, and scientific aspects of today's funeral service. The funeral service student focuses on the structures and diseases of the human body, as well as the management of funeral homes. He is also trained in grief counseling to educate the public and to serve his community.

The funeral service program was designed by Mr. John A. Chew, who also teaches Embalming I and II, Sanitation, and Restorative Art. Dr. Arlene Cross teaches Microbiology, Anatomy I & II, and Pathology.

Mr. David Jarvis, F.D. teaches Introduction to Funeral Service. Principles of Funeral Service, and Funeral Home Management.

Ms. Feinn teaches the Death and Dying class.

To students in this program, we have experienced a true closeness with our fellow graduates. Students of this major help each other greatly in achieving the goal that we are all striving to achieve.

The program has been in existence for six years on this campus. It has since incorporated a Funeral Service Fraternity, Sigma Phi Sigma. The president of this group this year is Jonathan E. Burg.

For more information on this process of the academic affairs, the Campus Services Coordinator, Mr. John A. Chew.

Focus On: The President

By Loren Goldstein

Knightlife: "Do the students of CBR ever approach you and make any suggestions?"

Matthews: "Historically a few of the students have. The most glowing example of this is with a current group of students. On their own initiative, with the help from a few interested faculty members, they instituted an Honors program here. We are developing the program as a direct result of their action. I am very enthusiastic about it."

Knightlife: "It seems that the College of Boca Raton is a small school, what are some of the advantages?"

Matthews: "There are many advantages to a small school. The professors are your teachers in all the sections. The lecturers are anywhere from fifteen to thirty-five students, that’s a distinct advantage. The people, the staff, and by staff I’m talking about the people on the administrative side also, are really here to do two things. Number one to educate or provide the means for students to learn. At the same time we also recognize that the other side of that is that the students while they are in college, are also maturing. It’s part of the overall process of maturing and learning that goes on in the college that we think can better be done at a small institution because it is done on a more personal level."

Knightlife: "What are you most excited about this year?"

Matthews: "The quality of people who are in academic affairs. I am as excited about that aspect as I am about the Honors program. And that means a lot to me, looking over the whole academic arena, it’s a very meaningful job."

In the time Mr. Matthews has been at the College of Boca Raton, he has become an important asset. He is a man who stands behind his position, and has a compassionate interest in the college. He is looking forward to watching it grow and develop with each new success.

KNIGHTLIFE 3
Dear Editor,

I am aware of the ever rising crime situation here in America, especially that of the Miami area, but that does not mean this school should be turned into a fort. I would like to know why people outside of the school, who are professionals in schools and feel that C.B.R. is a good school because it has small classes and you can get to know your instructor. The instructor can help you and relate to you since he or she knows you.

David Baas

Dear Editor,

As Editor of the college newspaper, I, with the help of my colleagues, have come to realize that drinking is a hot issue that is discussed in the dorms, cafeteria, and even the newsroom. Most of the students discuss when and where the parties are going to be and how much alcohol will be available. In this issue of the paper there are bar reviews, but these reviews were written by a responsible, legal aged reporter. There are also two articles that inform students of the consequences if caught with false identification or drinking and driving. I strongly urge the student body to read both of these articles and to think about the consequences.

I am not lecturing and telling students not to drink because you are a hypocrite if I did. I, as a human being who cares about your fellow students, just want you to understand that it is the students, themselves, who are ultimately responsible when they drink. If you kill someone in an alcohol-related car accident, then you are responsible. If you are a minor your parents are liable to be sued by the victim's family. I, as a student, am at a party and will be responsible if I did. I, as a student body member, feel that C.B.R. is a good school because it has small classes and you can get to know your instructor. The instructor can help you and relate to you since he or she knows you.

**Faculty Notes**

By DeAnna DeVito

From teaching at highly respected universities in different parts of the world to interviewing guests on a local television talk show, the addition of faculty staff at the College of Boca Raton is far from ordinary. The College of Boca Raton faculty have published pamphlets, articles in newspapers, and even books, many have received numerous scholarly awards in their fields, and many have received personal rewards from their students.

Dr. Pola A. Emmanuelle, English Department, taught in West Germany for one year and later taught in Rome, Italy for three years. She also travelled extensively to Egypt, the island of Malta, and the island of Istanbul.

Myrle Horn, Travel and Tourism Instructor, says, "My career in travel and tourism has taken me to the wonderful places. She said that living among people of foreign cultures has taught her that people are truly the same, and wars are not made by the people, but by politics.

Instructor, was the County Mathematics for eight years in Coral Springs. He has also written "Arsenic and Old Lace" in Coral Springs.

J. Savage-Hutchinson, Art Instructor said that one of the highlights in her career was teaching art and interviewing guests on a weekly live television program in Fort Lauderdale for three years.

Dr. J. Braaten is a Sociology Instructor who has been at the college since 1986. She received the Outstanding Teacher Award in 1986 and again in 1989. She is currently the Self-Study Director for the SACS reaccreditation program of the college.

Robert M. Estes, Mathematics Instructor, was the County Representative of the National Council of Teachers Of Mathematics for eight years in New York State this summer. He taught in New York for almost six years. She has also co-authored one book, written one film, several videotapes, and numerous articles, booklets, and newsletters. Her current scholarly work is in the area of police education, and she had an article on police education published in October.

Dr. B. Kauffman, Head of the Humanities Division is an accomplished musician who played professionally in Chicago.

Marsha Sinagra, Reading Instructor, is a volunteer tutor for the Center for Effective Community Literacy. She teaches her Literacy program for over a year, tutoring adults who are considered functionally illiterate.

Ms. Ann Crawford, a Chemistry Instructor at the College of Boca Raton says, "After twenty years of teaching, I have learned so much about life, learning, and the innate goodness within each of us. My students have been my teachers."

**Muscles**

**Continue from page 1**

Aerobic exercise in the 'body, which cause rapid muscle growth. College students take classes to increase their aerobic fitness at the risks involved. Steroids are drugs, as lethal as cocaine, if abuse is possible.

The myth of steroids is that first time users cannot get hurt. The only thing wrong with steroids is that they are addictive. Steroids greatly increase the chance of heart attacks and heart disease. The best known ailment of abusers is that with continued use the testicles shrink.

**OTHER PROBLEMS INCLUDE:**

- Impotence
- Lessened sexual drive
- Increased aggressiveness
- Mood swings
- High blood pressure
- Hair loss
- Liver and kidney failure
- Increased water retention
- Possible mental health problems

Many people believe that steroids dissipate out of their body in a week. Studies have found steroids in patients up to two months after use.

**Faculty & Staff at The Ball (L to R) Mr. Linsley Devau, Dr. Don Ross, Father "Marty" Devereaux, Dr. Susan Braunstein, Mrs. Myrle Horn, Mr. Thomas Noble.**

**Le Bal Masque**

By Jan Glitz

The Ninth Annual College Ball, "Le Bal Masque", was held Saturday, November 18, 1989, in the Lynn Student Center. Close to 300 people came to dance, drinking, and carrying masques, shared the lavish evening.

Guests were welcomed by Dr. and Mrs. Donald E. Ross, Count and Countess Adolph deVereux, Honorary Chairmen, and Mrs. William K. Carpenter and Mrs. John Zaccagnini, co-Chairmen.

A sumptuous dinner buffet was served on the Veranda. Soft twinkling lights, and strolling musicians added to the ambiance of the delightful South Florida evening. A flaming dessert presentation greeted our guests as they settled at their tables in the evening. The theme was carried out in the decor. Silver and magenta table line runners were set with centerpieces of silver, white, and gold tulle accented with masques. The Les Amis Orchestra provided music for the dancing through the night.

Dr. Ross presented the annual Boca Raton Award to Mr. Richard P. McCusker, Vice Chairman of the Board of Trustees. Mr. McCusker has been involved with College of Boca Raton since its incorporation and is responsible for establishing the McCusker Sports Complex which provides facilities for soccer, baseball, tennis, basketball, and volleyball in addition to the pool.

Proceeds from the Ball are earmarked for the Scholarship Fund. During this academic year, the College will award $404,000 in scholarships to worthy students. These dollars are above and beyond the financial aid available from state or federal resources.

**Students**

7:45 a.m. Then he and Nolan have to sort it all out. Nolan, who is in charge of students' mail said she usually has the mail in their boxes by 11:00 a.m. Students come around 7:45 a.m. Students come around. Nolan and Lepera both admit that due to the new staff change and an unusually heavy mail load they have been behind. Lepera said the reason the mail room is closed on Saturdays is because there is no mail pick up for him on Saturday. So the mail students would get would be Friday's.

Arthur Landgren in the CBR personnel office said that the mail package room was moved from the library building into room 26 because it was the only place left on campus.

Landgren said he feels that since 95 percent of the students have cars and drive to classes, it shouldn't be difficult for students to drive to the mail room. Nolan and Lepera both are willing to help with large packages.

The people in the mail room are ready to go out of their way to accommodate the students.

Landgren said "This is a service to students, we realize not every student can be happy, but some have chips on their shoulders." He added, "students will see by December a vast improvement in the mail room."
Fashion, Alive and Well at Boca
By Kristen Lizza

"A girl will turn my head if she's wearing ripped baggy jeans that are tapered at the bottom, with a belt tied around her "t-shirt," said Mark Robi, a freshman at CBR. This ripped baggy look was big in the 60's, only now we've gone to tapered instead of the old bell bottom.

Steve Abele another freshman at CBR, said he notices a girl if she is wearing a tight pair of jeans with a short white top with short sleeves. "Short? Tights? Hot? How are you feeling, are you willing, or confident enough to be that provocative? Or is the word provocative?"

Sophomore at CBR, said he likes girls in "bright colors, body-glove bathing suits, and when a girl's stomach shows." Bright colors are fine, but let's leave the bathing suits at the beach.

Alex Napp, a freshman at CBR, said "boots, skirt, and a cropped fringed jacket are what I like a girl in." Cropped jackets are definitely in, but can make a girl look like a cow unless she has an almost invisible waist and bottom.

Caroline Fiar, sophomore at CBR said that she would feel comfortable wearing a mini-skirt about mid thigh, or six inches above the knee. Overall the girls as CBR will not go much higher than "above the knee" in the mini-skirt department. However, everyone has to agree that mini-skirts, no matter what length, tend to "ride up.

When asked what she considers a "hot" outfit, Monique Berger, sophomore at CBR, said "a green suede mini-skirt and a jacket is a hot outfit." If you can stand the Florida heat, suede, especially, can feel delightful anytime, anyplace. Tami McLaughlin, a freshman at CBR, said that an eccentric jacket and skirt is what she would wear if she wanted to feel hot. Electric blue is a daring color, and looks perfect with jet black or blue-black hair.

Most girls do not like guys in tight, tight clothing. Many find clothes that leave nothing to the imagination like men's tankini bathing suits, repulsive.

The quickest way for a guy to turn a girl off (aside from him spitting while he talks) is if he has on really tight Sergio Valentes, a baggy down shirt unbuttoned to his navel, and a gold chain. UGH!!! Kelli Ann Eich, a senior at CBR, said she likes to see guys in preppy clothes, duckhead pants, and button up polo. This look says "after college, I'm on my way to Wall Street." Kelli Ann Eich, a senior at CBR, said she likes to see guys in preppy clothes, duckhead pants, and button up polo. This look says "after college, I'm on my way to Wall Street." Kerry Morris, a freshman at CBR, said "I like a guy in jeans, not tight but ripped at the knees, with a soft looking jacket with some guys that wear bandanas or a hat backwards." A guy in workboots is considered by some backward hat gives him that mysterious, rude boy look. Actually girls at CBR, she likes to see guys in Z Cavareccia pants and a nice button down shirt. Here she said "buttoned down." All you guys out there who like to show off your chest, don't take that as literally.

Barbara Bush pearls worn to enhance her $12.50 Boca T-Shirt.

Large "Yoko Ono" sunglasses to hide the hangover eyes.

"Fashion, Alive and Well at Boca"

BOCA BRAT

Diamond earrings the size of gold balls and golf hoops to highlight the goldballs.

Some say...
1) beach towel
2) tanning oil
3) latest copies of Vogue, Cosmo, and Elle
4) a pen-to-write down guys' phone numbers.

Rolex watch and ring-gifts from Dad because he loves his "little princess."

What Are You Buying For Christmas?
By Angela Carroll

These days there are so many decisions to be made concerning the purchasing of a suitable holiday gift that it can baffle the most coordinated shopper. The average college student is always looking for something new, different and unique. If you're wondering where you can find these things, keep reading.

The closest mall is Town Center Mall and one of the best bases was found in By Invitation Only. It was a blinking traffic light cut down to about a fourth of the actual size. Scribbles and Giggles carries enormous stuffed animals that anyone would appreciate for very reasonable prices. For the grandfather who now and then smokes a pipe, you can find a very large selection of tobacco and pipes at the Tinder Box. Satisfying the beer drinkers here see Funky, eccentric mugs. Directly next door is a very charming shop called Giggles and the articles that catch eyes are the Dinosaur t-shirts that carry such slogans as Baseballsaurus and Footballsaurus for the sports lovers in the family. Another shop that is of great interest to all, contains the most favorable arrays around Ben and Barrel enables customers to purchase candy, stuffed animals, balloons and just about anything else that may combine to form a great holiday gift, including a personalized bucket.

Elliott Sacks CEC, Instructor in Hotel and Restaurant Management, is a certified chef who brings his experience as executive chef at the Holiday Inn in Reno and the Officers' Club at West Point to his classes. "This recipe makes a delicious, easy almond cookie perfect for the holidays," says Chef Sacks.

Ingredients
- 2 lbs Butter or Margarine
- 1 lb Granulated Sugar
- 2 Eggs
- 1 tsp. Vanilla
- 1/2 tsp. Almond Flavor
- 1 Tbsp. Salt
- 5 lbs Cake Flour

Directions
- Mix butter, sugar, eggs, vanilla, almond flavor and salt. Add flour. It will produce a stiff paste. Divide dough in 1-lb pieces and form in long sticks the thickness of a half dollar in circumference. Roll in granulated sugar and put in refrigerator until they are hard enough to slice in pieces the thickness of your little finger. Put on pan liners and bake in 350° oven until a delicate brown collar forms. It will benefit you to have your flour cold before you start.

"This recipe makes a delicious, easy almond cookie perfect for the holidays," says Chef Sacks.

Ingredients
- 2 lbs Butter or Margarine
- 1 lb Granulated Sugar
- 2 Eggs
- 1 tsp. Vanilla
- 1/2 tsp. Almond Flavor
- 1 Tbsp. Salt
- 5 lbs Cake Flour

Directions
- Mix butter, sugar, eggs, vanilla, almond flavor and salt. Add flour. It will produce a stiff paste. Divide dough in 1-lb pieces and form in long sticks the thickness of a half dollar in circumference. Roll in granulated sugar and put in refrigerator until they are hard enough to slice in pieces the thickness of your little finger. Put on pan liners and bake in 350° oven until a delicate brown collar forms. It will benefit you to have your flour cold before you start.

Dear Sara & Sidney

Dear Sara and Sidney,

I am still homesick after being in Florida at the College of Boca Raton for two months. I constantly think about being home and being with my family and friends. I don't know if it is the people here or just the atmosphere. I don't know what it is! Please help me.

Sincerely,
A Very Homesick Person

Dear A Very Homesick Person,

Life is something solely for yourself. No matter where you go and who you talk to, the reality is that the only person you have is you. You are homesick because you feel somewhat incomplete in this new and strange environment.

However, I can remember that you are special and complete as an individual, then your life will take a turning point. While I am sure that your friends and family at home miss you, they too have their own lives to live. So go out there and do the same. Stop overdosing on nostalgia and look at what you do have. Constantly fill your free time doing only what you want. Don't worry about anyone but yourself during these times. Love who you are and release your memories. Start looking forward to your future. Remember that all of these negative things will pass by but give you humility and teach you how to be stronger.

Good luck,
Sensible Sara

Dear A Very Homesick Person,

I hate to say it, but you have to take on some responsibility. Mommy is not going to hold your hand for the rest of your life. It is time that you stand on your feet, stop crying and do something on your own!

Sarcastic Sidney

Dear Sara and Sidney,

My mom doesn't like my boyfriend anymore. She thinks that he is going nowhere and I don't agree with her. She didn't give me a reason why, other than that she just doesn't like him. It really upset me when she tells me this, so now I'm very confused and not sure what to do.

Upset and Confused

Dear Upset and Confused,

The first step you need to take is a difficult one. You need to step outside yourself and then look at what you see. If you see a sincere, secure, positive, complete person, no choice in life that you make should ever mislead you. However, if you see yourself as a negative, unsure, insecure, incomplete person, then you need to re-evaluate your current relationship. It is you who has to be with your boyfriend, not your mother. If you really care about him, respect him, and feel positive about being with him just be sure your mother's ill feelings for him are not for just cause. There will always be someone, somewhere who will disapprove of some aspect of your life. Know who you are and where you stand. Don't allow anyone to rule your life or peace of mind.

Good luck,
Sensible Sara

Dear Upset and Confused,

Time to select a new man! I know about twenty guys that need a date! Maybe your mother will like one of them.

Sarcastic Sidney

Dear Sara and Sidney,

I have a very bright friend who is flunking out of the College of Boca Raton. Maybe I should rephrase that - not getting up for classes. This girl is a very intelligent person, but has no concept of how to study. Not being prepared for class, may have something to do with not attending classes. I'm really not sure. Last week, I was reading out of my Literacy Dictionary and a section on humanities came up. I read some of the definitions outloud and my friend answered them almost instantly. I was quite amazed. She does not lack intelligence, perhaps then must be something that I can't figure out. Please Sara and Sidney, I need advice.

A Solution

Dear A Solution,

I think it is so wonderful that you are concerned this deeply with your friend's education. Why not try telling this person how her difficulties upset you? It is possible, since you know this person is intelligent, that your friend simply doesn't care. If she knows that you care about her, then maybe this will provide some motivation. Another reason your friend may not be trying to achieve in school is because she is afraid of failure. People are terrified of failing. It is so easy to never try and keep yourself safe! I feel sorry for her.

However, if this is the case, your friend needs to realize that by not trying, she is failing in the end anyway. Whatever the cause of your friend's poor grades, this person needs to learn how to be true to herself. I think that if you can remind your friend how special and intelligent she is then you will be giving her more than her realize.

Good luck,
Sensible Sara

Dear A Solution,

I can't take care of your case, unless you are getting straight A's, I wouldn't worry about someone else. But if you are compelled to help her, then tell her to stop being lazy, to get off her butt, and study! If that doesn't work, then let her flunk out. What do you care!

Sarcastic Sidney

Personals

Lori, Shannon, and Kelli - Thanks for your wardrobe! Ha! Ha! Love, Kristin

Shannon - Thank those corners at the Bounty. Love, Lori

Kelli - our second mother, what would we do without you?

Love, Lori and Shannon

Sean - Don't leave next semester, but if you do, good luck! Bill

Phil - Even the pizza man knows that you're getting zipped zero! Your Pals

D.N. - When is the wedding and are we going to be in it?

Love, D.D.

J.B.P. - I love you, I miss you, I love you, I miss you! C.L.H.

Ernie - I hope I get to see you today! I have been thinking of you all day. I'm lost without you! Bert

B.P. - Only at Boca; Need I say more? Me?

S.L. - You are the greatest! You know who!

I would like to wish all the graduating Mortuary Science students the best of luck and thank all the instructors that have made my graduation possible.

Geri Andersen

Hey J. Bart, Cool Pete, and

Eric - What happened to the hubcaps? The Caveman

Einstein - Keep it up! Four down and one to go...you are the greatest! Cheer up eh! R.

E. T. O. - I was comparing that new Colgate and I thought you'd like it.

K. - Remember when Pollyana tried to vaccum the wet bathtub? Don't forget the Jungle Queen.

S. S. - Where did it go wrong?

Was it something that I did? I wish we could continue. For that time was very special to me. Let's try it again.

P. - Happy - Thanks for the advice that you gave me. Too bad it didn't work out! O well, life goes on.

Neil - I am going to miss typing your paper at 2:00 a.m., our intellectual conversations (Hat, Hat), your bright smiling face, and most of all, your friendship. Next semester, who am I going to turn to when every five minutes, a situation crisis? I love you like a buddy, Ash.

R.R. - I care about you. A.E.

Dogster - Hey about those Dodgers? Junior is really starting to rip fire's tips off! I believe that they are going to win the championship once again. I just felt you should know about the champs before you get upset over the four game sweep. K.

Little Bit - I'll bet you yeah! Spit

So Patti - what did you do when you drank this Saturday? The Unknown

N.T. - Wanna go for another ride in the ditch and dirt? C.C. - One summer morning, can I turn around? Let's go for a ride. Love U, S.

T.A.K. - Wild times in Launderdale

Jules - Overnight guest at 2:30 a.m. parrot call! Love Bugs

O.D. - I love you, Ralph! Love, Bugs

Ramsey - Stopping everything!

What happened? Scott - Nice race Friday night! You guys are crazy! K.

Care - Those walls are looking mighty fine! Love ya, Bugs.

Dr. B. - Good luck with future editions of "Knight Life!" Ashlee.

Jen - Thank you for being a friend, as well as motivation for Accounting and Economics! I'll miss you! Wendy.

Julie - Thanks for all those mornings we spent talking. I'll miss you! Wendy.

Hey Oreo - Don't miss and get dunked! A.C.

Catherine Massey - I promise I'll clean up my side of the room today.

Dave S. - I missed ya! Laura.

Mrs. Cleaver - The cookies were great! Eddie.

Madge - I soaked in it! Rambo.

K.M. - Excellent laugh, don't lose it! S.E. & L.G.

Prince Charming - Let's start over again as friends.

T.C. - Where's your green card? You're late for work again! Liz

Someone is stealing a pineapple! No, I don't have my I.D.

Robert H. - 0 x 0 equals 0.

S.E., A.A.

Craig S. - Whipped in the crypt! S.E., K.P.

Garrison G. - You're really not that fat, you're just lying to yourself! S.E., A.A., S.C., & R.H.

Keith P. - Buddha, rookie of the Year! Congrats! The Budda Club.

Kevin M. - King of the Budda.

Bill - We love ya!

Blaine - Thanks for thinking of me. You were right - it's terrific to be working with students again.

Susan.

Knight Life staff - Good times.

Good people. Good work. Dr. B. L.P. - Let's lunch! S.B.

Greg - I couldn't do it without your support. How Iould I have been so smart, so young! Susan.
Oakland’s Stewart Pitches In
By Scott Epstein

This article is dedicated to the remembrance of those who perished in the Bay Area Earthquake. As we look ahead to the new year, and reflect on the year that has just been completed, I think it’s important to remember the World Series that almost wasn’t.

On October 17, 1989, at exactly 5:04 PDT, an earthquake measuring 7.1 on the Richter scale struck San Francisco Bay area. The 1989 World Series was postponed for ten days, due to a mutual agreement between Oakland Mayor Lionel Wilson and San Francisco Mayor Art Agnos. The World Series was able to be resumed, but Baseball Commissioner Alfred “Happy” Valley said that baseball had to take a backseat to the communities suffering.

In my opinion, it is a tribute to the Bay Area that after a ten day layoff, the people were ready, willing, and able to continue the series. It is as if fate wanted the city to recover enough to enjoy baseball again.

The real hero of the World Series is Oakland’s pitcher, Dave Stewart. He regularly visited the ugly, deformed wreckage of the Nimitz freeway, Stewart is an Oakland native and proves what a sense of community closeness means. He is one of the many people who knows what it is like to see his neighborhood destroyed. For Dave Stewart to take time out of his life to help the rescue workers on the Nimitz freeway shows me and most of the Bay Area how much class and character he really has.

The fact that the team did not play against last season’s champions, Sangamon Illinois, continued to show that they are a force to reckoned with. By winning the tournament, the team is able to go to New Mexico to play against the top twelve teams in their district. The first game was on November 20th and the second game was played against last season’s champions, Sangamon State from Illinois.

The movie reviewed by Laura H. Schulman were picked at random from a selection of new releases undercover on his murder hunt. I would not recommend this movie because it insults the intelligence of the viewing audience and its lack of credibility.

I give this movie only 1/2 stars.

Bill and Ted’s Excellent Adventure
This comedy is about two best friends, Bill Preston (Alex Winter) and Ted Logan (Keanu Reeves) who control the world’s future destiny of peace, love, and killer waterslide parks depending on whether or not they can pass their history class’ final exam.

Armed with only a history textbook, and a time travel directory, Bill and Ted zip through time in a time machine that is an exact replica of a phone booth. With the help of Rufus (George Carlin) the boys take an “excellent” adventure through time.

The movie is a hit and is highly predictable. The only highlight of the movie is when Bill and Ted’s dive Bar closed its doors for good.

To compensate for the loss, many students have flocked to Cutters Raw Bar. Cutters has a ‘too new feeling. The main attraction is Wednesday night, when the beer and drink prices are lowered. If you haven’t visited Cutters, then you should check it out. The atmosphere is laid back, and it is a fun place just to hang out.

Best nights: Wednesday and weekends
Happy Hour: 4 p.m. - 7 p.m.
Monday thru Friday
Sorry no live entertainment
Rating: good

Key Largo has burst on the scene as a Friday hot spot for C.B.R. students. It’s a true bar with dancing on the top level, general conversation type atmosphere on the lower level, and an outside floating deck which at times has a live band. There are five bars at Key Largo, so waiting for a drink is minimal.

Best nights: Friday and Saturday
Happy Hour: Monday - Thursday 4 p.m. - close and Friday 4 p.m. -9 p.m./5 a.m. - 5 a.m.
Live entertainment
Rating: excellent

Sharky’s Surf Cafe boasts a local surfing theme. The interior is made up of rustic surfing heritage with a splash of today’s surfing attitudes. It’s generally a laid-back atmosphere. Sharky’s is known for having a single guitarist who plays occasionally on weekends with a band the second game was played against last season’s champions, Sangamon State from Illinois.
